Thanks so much for the entire thing. It was sooo awesome! Not a single flaw and you didn't mess around with keeping the dance floor packed all night. Everyone had an absolute blast and we haven't heard a single negative thing about any of it!

"Thank You" will never be enough - Our wedding was absolutely awesome. The lights and music were out of this world! Everyone has commented that it was the best wedding they had ever been to! We agree! Thank you for being a huge part of such a great time for us.
Melissa & Kevin

Thank you for making our special day so much fun! You guys did an excellent job!
Michelle & Joe

I wanted to thank you again for the wonderful entertainment at Melissa's wedding. You impressed quite a few people with your professionalism. My special request for a blending of three songs for the Father/Daughter dance was probably a first and I appreciate it more than words can describe. Had many positive responses to this, although I never did get to look around to see how many were crying. Thanks so much for all you did. You have a great dj team and it is easy to see why you guys are the "Best in the Lehigh Valley". Hope to see you all again soon. Highly recommended.
Sincerely,
Jack
